OBI WELCOME 2025

I welcome you to the 8th Annual Allandale Angus & Guest Bull Sale.

The Second year for Allandale Angus, Waveny Angus Farms Ltd. And Movin' On Farms Bull Sale that we are conducting at Vermilion Livestock Exchange. An event you will not want to miss with all types of Angus bulls to analyze and evaluate. The first was a success and will try to continue the momentum for these 3 operations.

These 3 programs have fed their bulls for the ability to breed your cattle for a long time. The repeat customers always are coming back to obtain bulls from these operations. They flat work. Whether it is a calving ease bull or cow bull you desire, this sale has it all for you, Black or Red. The sale has 53 two-year-old bulls and 19 yearlings bull on offer. The uniformity in each of the operations lets you obtain brothers to build your commercial programs around. All the bulls will be at the Auction mart the day before of you choose to come thru them then as well. The facility is top notch to view these bulls. The staff at Vermilion Livestock Exchange is just like the facility.

Please do call myself, the consignors themselves or any member of the sale staff and we can help you with any questions regarding the offering.

Mark Holowaychuk, OBI Livestock Ltd.

Allandale Angus

Welcome to our 8th annual Allandale Angus bull sale. Once again, we are being joined by Movin On Farms and Waveny Angus with the sale being held at Vermilion Livestock Exchange on March 28th. Sale begins at 2:00 pm with lunch being served at 12:30.

There will be a great selection of yearling and two-year-old bulls being offered. Bulls will be on display Thursday, March 27 at the market. Give me a call anytime to discuss your needs for a bull.

See you on sale day!

Wayne Stetson,
Allandale Angus
(780)853-7523

A March 2 bull calf with some extra birth, unassisted at birth as we have said before the Tiger bulls come out with extra length and no calving issues.

Waveny Angus Farms Ltd.

The bull sale season is here again, and we'd like to express our gratitude to our loyal buyers for their ongoing support. It's always great to reconnect and see what's going on at their farms. With low cattle numbers in both the U.S. and Canada, paired with a weak dollar, we're optimistic about a successful season ahead. It's also encouraging to witness younger generations stepping up and getting more involved in the livestock industry. The farm has been a wonderful place to raise our family, and it's heartening to see more young adults choosing this lifestyle for their families as well.

We've got an excellent snow cover this year, which will help fill dugouts and sloughs, and the grass is set to take off. The bulls have been fed for longevity, maintaining solid body condition and body depth without being overfed. We've left their feet untrimmed, giving you the opportunity to assess that for yourself. These bulls are bred for calving ease but still pack the performance to thrive. We're also utilizing ROP as a useful tool in your selection process. I look forward to connecting with everyone and am happy to answer any questions you might have—feel free to reach out to me directly at (780) 853-3384.

Mike Chase

Movin' On Farms

On behalf of everyone at Movin on Farms, we would like to invite you to join us for our Bull sale on Friday March 28, 2025 at 2:00 pm at Vermillion Livestock Exchange AB.

Well, here we are again to have a Bull Sale with Allandale and Waveny Angus. We feel this will give our customers a great opportunity to look through a more in- depth group of bulls with a wide variety of options.

Here at Movin On Farms, We are building our program around our females to bring you the most complete bulls possible. Our two-year-old bulls walk on a 10 acre paddock all winter long as we believe Athleticism is a big part of their breeding capabilities. We have a huge selection of calving ease bulls, to help rebuild the cattle industries.

When you walk through the Red 2-year-old bulls you will find bulls from 2 sire groups. The first group is sired by Red Shiloh High Velocity. He's a direct Racer son from their Lady cow family. His females are doing very well with ideal udders and maternal instinct. The second Herdsire group is a bull we picked up from Roy Mac Angus. He is a PTO son that promoted calving ease and growth. We are very happy with the style he puts on his females. His females are calving this spring, and we can't wait to see what they can do.

This group of black bulls is a tight one, our biggest sire group is from Hooligan. We purchased Hooligan from Double F Cattle Co. He is a direct son from their herd sire called Sting. We used Hooligan very heavily as we liked the growth and body structure of his offspring. The calving ease is incredible, I call bulls like Hooligan sleep ease bulls. The other 2 sire groups were selected for growth and calving ease. Show Time was heifer bull with fabulous growth. Roy Mac Angus Valley was chosen for his length of body and calving ease.

We also have a select group of yearling bulls coming, as we know some of our customers like to still run yearling bulls. All our bulls are raised on mama's milk and good grass through the summer.

We will be working with Mark Holowaychuk and his team from OBI as our sales consultants. We have also asked Harvey Trach and Carter Sidoryk to be a part of our sales team this year. If you have any questions, please don't hesitate to reach out to any of us. Make sure you come on down to look at some bull and have lunch at Noon.

We would also like to take the time to thank all our bidders and buyers from last year. Also, a big thank you to our family, friends and neighbors. We surely do appreciate everyone that believes in our program.
